

Berestyn: Your Strategic Gateway to Ukraine

A proposal for international municipal
and economic partnership (2025–2030).

Moving beyond recovery to build a proactive, sustainable economic engine

A logistical node of **national significance** with direct access to major markets.

Highway Access

Intersection of M-18 and M-29 routes, offering direct access to international transport corridors.

Rail Hub

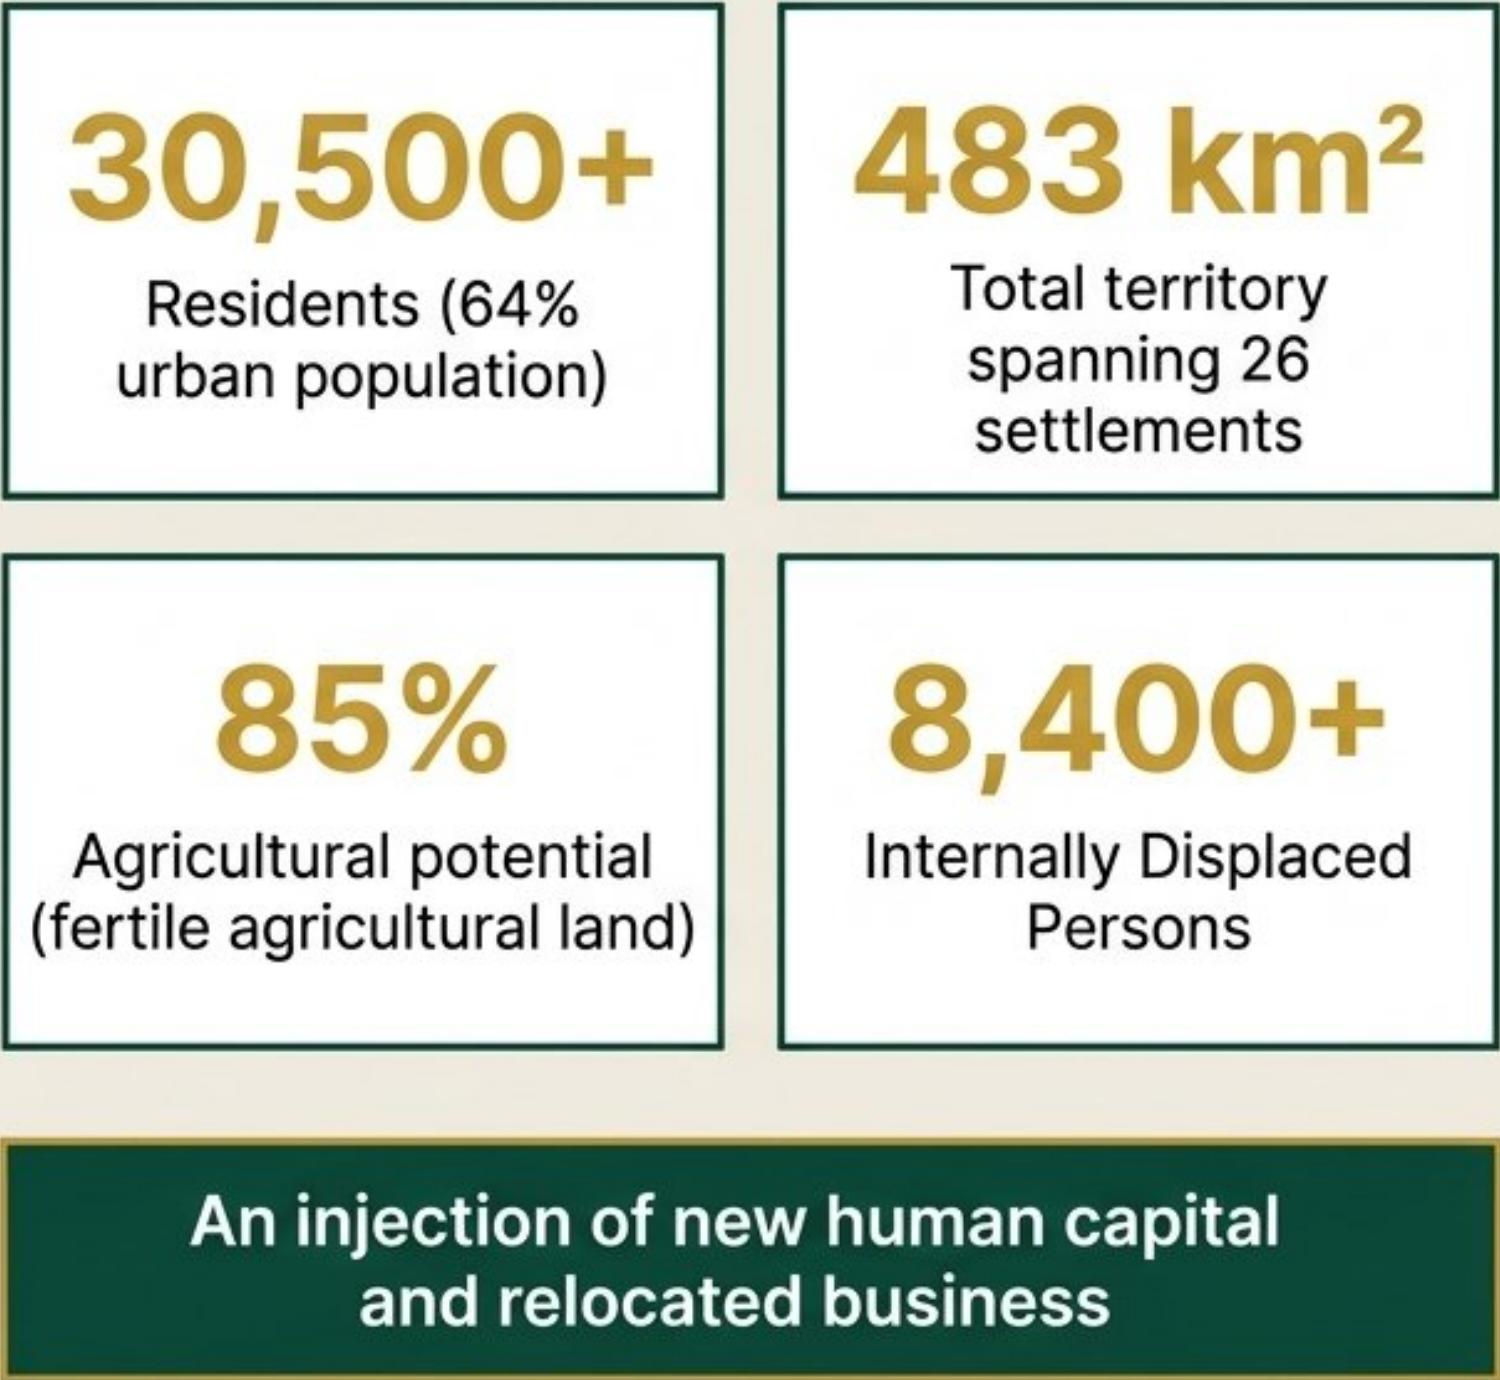

Direct rail connections to Kyiv, Kharkiv, Dnipro, and Lviv.

Proximity

101 km to Kharkiv | 160 km to Dnipro
(rapid access to million-plus population cities and sales markets).

A resilient demographic and economic foundation built on absolute financial independence

A unique concentration of human capital driving a highly active civil society.

Medical
College

Agro-Technical
College

Pedagogical
College

Synthesis Text:

A unique educational density for a community of this size, successfully generating specialized talent for the local economy.

500+ events per year with **8,500+ participants**. Active collaboration with local and international NGOs.

Vision 2030: The roadmap to a European standard of municipal governance.

We are building a prosperous, green, and healthy community, open to innovation and international partnership.

— Svitlana Kryvenko, Mayor of Berestyn

Energy Efficiency & Green Transition

Modernizing heat supply, transitioning 23 boiler houses to biofuel, and implementing RES in the municipal sphere.

Sustainable Infrastructure

Renewing 50-year-old critical networks and developing a Comprehensive Spatial Plan according to EU standards.

Human Capital & Inclusivity

Creating a barrier-free environment, reintegrating veterans, and developing educational hubs.

A trusted, capable partner with a proven track record of managing international funds.

Ukrainian Social
Investment Fund (USIF)

KfW Development
Bank

Successfully managed and executed
a **6.1 Million UAH grant** for the
reconstruction of social housing for
IDPs in the village of Doslidne.

Berestyn possesses the administrative capacity, project management expertise, and transparent governance structures required to execute multi-million Hryvnia European donor programs.

A diversified economic bedrock anchored by national energy and agricultural giants.

Energy Extraction Center

Home to the Zakhidno-Khrestyshchenske field. Hosts major national enterprises including Ukrburgaz and Ukgazvydobuvannya.

Agricultural Heavyweights

22 active large-scale agricultural enterprises (including Zorya, Nadiya, and Ranok) operating on massive, fertile land banks.

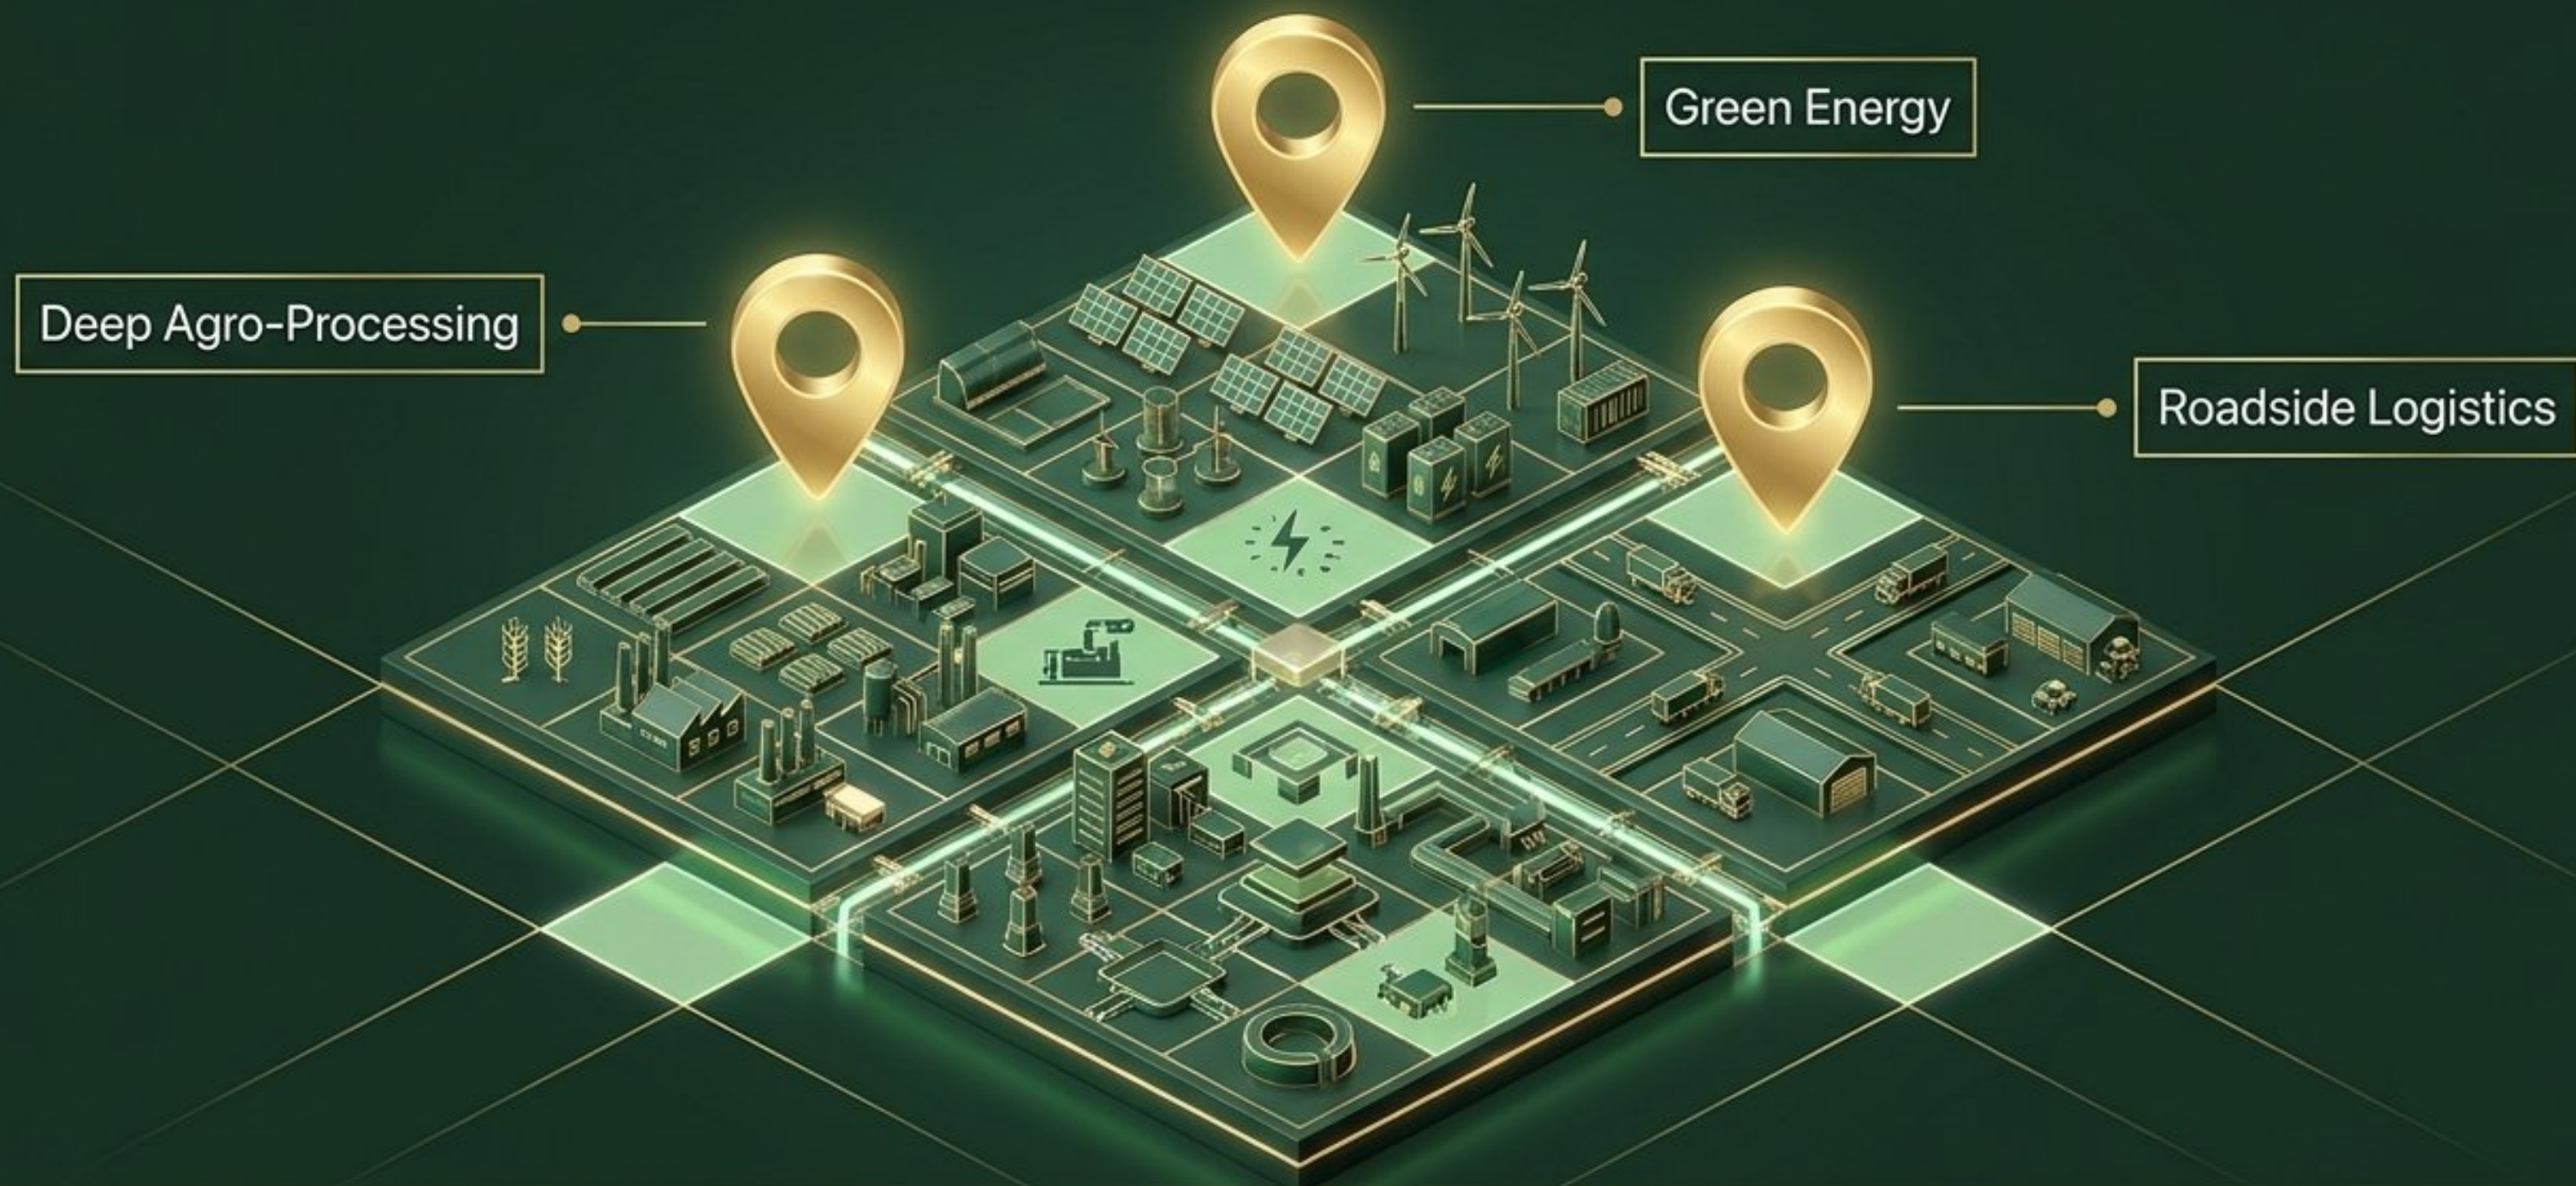

Thriving SME Ecosystem

1,400+ active Small and Medium Enterprises (1,143 sole proprietors, 327 legal entities).

Sidebar Stat:
+9.2% average salary compared to the regional average, indicating high resident solvency.

Invest-Ready infrastructure primed for deployment and scaling.

The community features a modern Administrative Service Center (CNAP) providing free business-start navigation and support.

Investment Cluster 1: Deep Agro-Processing & Food Security.

Investment Cluster 2: Green Energy & The Circular Economy.

Investment Cluster 3: Roadside Logistics & Highway Services.

The Asset

Extremely high daily traffic volumes passing through the M-18 (Kharkiv-Simferopol) and M-29 (Kharkiv-Dnipro) transport corridors.

M-18

M-29

The Opportunity

Ideal, unencumbered locations for the rapid deployment of regional logistics centers, warehousing, and comprehensive roadside service infrastructure serving the eastern Ukrainian economic axis.

The strategic intersection of our resources and your interests.

Ready to build the future of Eastern Europe together.

1

Initiate a **direct dialogue** for Interreg grant collaboration.

2

Request the detailed, translated '**Invest-Ready**' land plot inventory.

3

Sign a **memorandum of understanding** for municipal **sister-city** exchange.

Berestyn City Territorial Community: Capable. Transparent. Invest-Ready.
