

Berestyn Community: Potential for Partnership and Development

A proposal for strategic partnership and investment.

Strategic Crossroads: Logistics as Our Superpower

Highway Intersections:

Direct access to the M-18 (European route E105) and M-29 highways.

Proximity to Key Markets:

Kharkiv – 101 km | Dnipro – 116 km

Railway Hub:

Modernized high-speed transit station connecting to Ukraine's major cities.

We are located where major routes intersect. This is the ideal base for business relocation and a transit hub.

The Community in Numbers: Compact Scale, Powerful Capital

30,500+

Community Residents

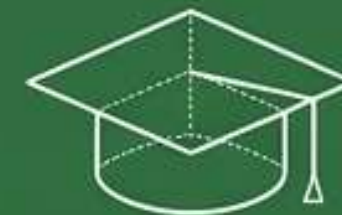

8,398

IDPs (An influx of human capital
and relocated businesses)

26

Settlements
(Total area: 483 km²)

Workforce Potential

Access to a young and qualified talent pool thanks to 3 specialized colleges (agrarian, medical, and pedagogical) operating within the community.

Our Unique DNA

Energy Potential

Gas deposits (Khrestyshchenske field) and active preparation for the transition to Renewable Energy Sources (RES).

Agro-Industrial Cluster

85.3% of the territory is fertile black soil (chernozem). High concentration of successful agricultural enterprises.

Historical Heritage

From the unique Belyov Fortress (1731) to the P. Martynovych Museum, housing a collection of 36,000 exhibits.

Logistical Synergy

The historical and transport crossroads of the Slobozhanshchina and Dnieper regions.

Economic Ecosystem: Resilience and Capacity

Purchasing Power: Average Salary

The community's economy continues to generate taxes and jobs. A salary level higher than the regional average proves our financial viability and the presence of a solvent domestic market.

A Record of Resilience: We Are a Reliable and Transparent Partner

Trusted By

USAID
HOVERLA Project

Case Study: Rebuilding and Strengthening Capacities

The Project:

Collaborative development of a comprehensive “**Community Development Strategy**” in accordance with international standards.

The Result:

Institutional capacity to manage funds, monitor operations, and **report on every cent raised**. We operate strictly under European compliance standards.

“Our goal is a prosperous, green, and healthy community, fully open to innovation and international cooperation.”

– Svitlana Kryvenko, Mayor

Vision 2025–2030: We plan for the future, rather than living day to day

"Our goal is a prosperous, green, and healthy community, fully open to innovation and international cooperation."

– Svitlana Kryvenko, Mayor

01

Spatial Planning (GIS):

Development of a Comprehensive Spatial Development Plan and a fully integrated GIS system for transparent land management.

02

Inclusion and Reintegration:

Development of a Veterans' Integration Hub to support the adaptation of military veterans and provide assistance to internally displaced persons (IDPs).

03

Green Transition:

Modernization of critical infrastructure (municipal services) with a focus on energy efficiency and sustainable water resource management.

Priority Areas for Collaboration: Where Your Expertise Meets Our Needs

Current Challenge		Sphere for Partnership
Worn-out water infrastructure and inefficient solid waste management (Municipal Solid Waste).		Implementation of Circular Economy and Water Management models.
Outdated master plans from the 1960s-80s that hinder investment.		Expert and technical assistance in creating a GIS and a Comprehensive Spatial Plan.
Social adaptation of demobilized military personnel and a large number of IDPs.		Development of inclusive hubs and a Veteran Integration Space .

Mutual Benefit: Investing in Your Future Market

Market Entry in Ukraine:

A reliable foothold and logistical base for your business during the post-war recovery period.

Access to EU Funds:

Joint participation in cross-border grant programs (Interreg) powered by our institutional experience.

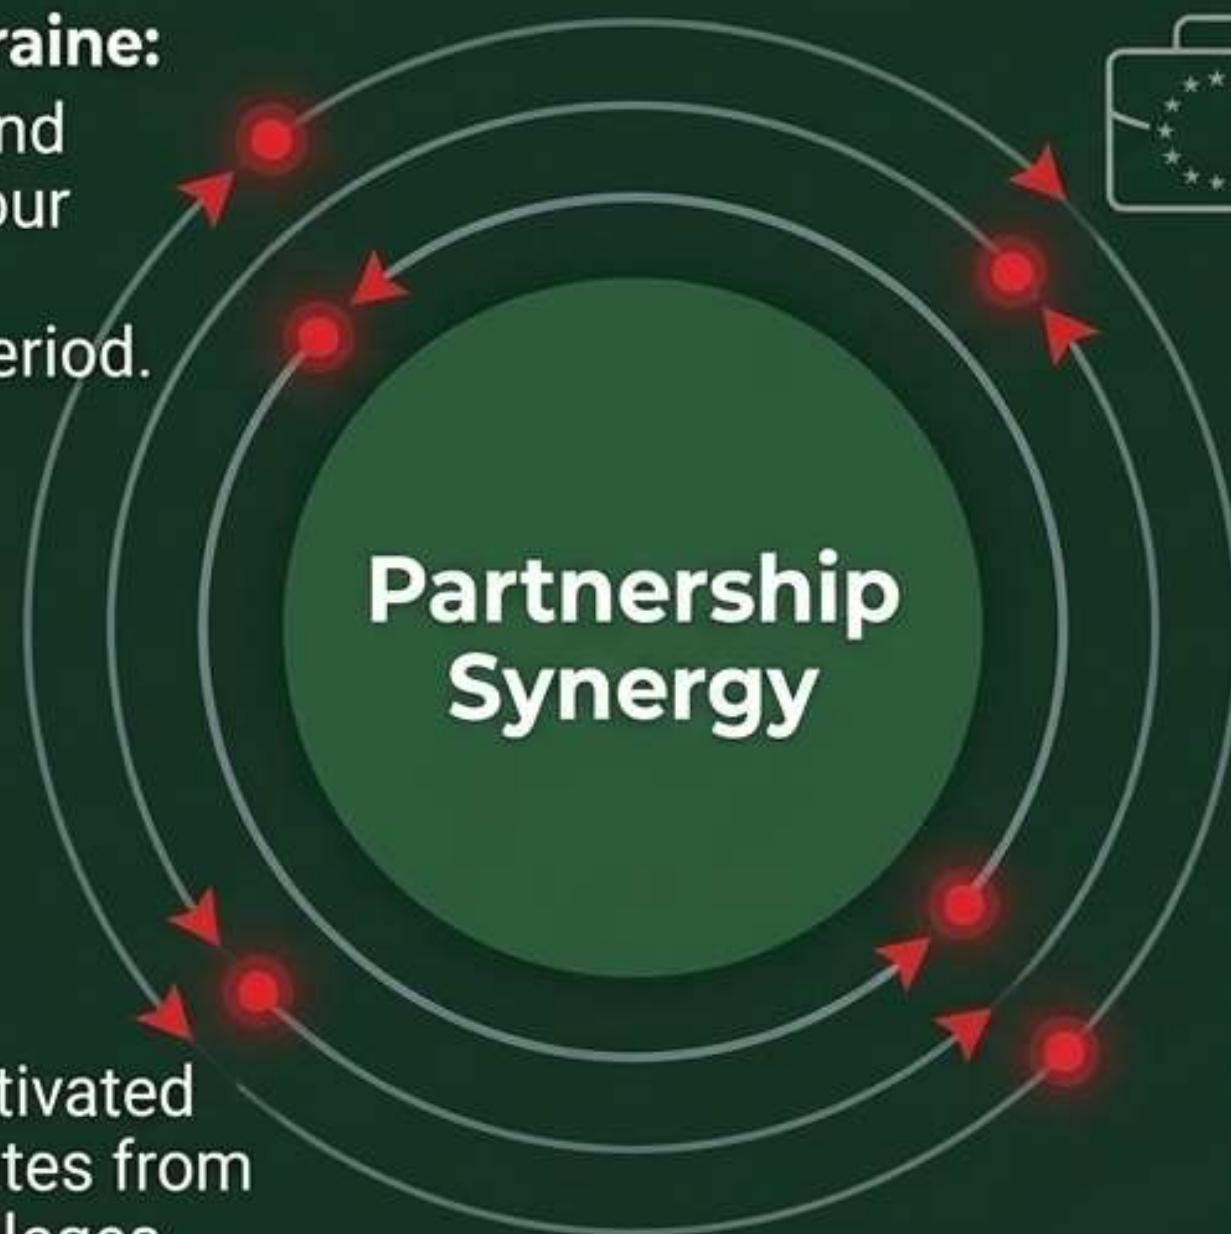

Human Resources Potential:

Access to highly motivated and qualified graduates from our 3 specialized colleges.

Cultural Exchange:

Joint artistic and educational projects based in our creative spaces and museum.

We invite you to an online meeting to discuss joint participation in European development programs
